This journal is also published online at www.blackwell-synergy.com

Aims and Scope: *International Journal of Nursing Practice* is a fully refereed journal that publishes original scholarly work that advances the international understanding and development of nursing, both as a profession and as an academic discipline. The Journal focuses on research papers and professional discussion papers that have a sound scientific, theoretical or philosophical base. Preference is given to high-quality papers written in a way that renders them accessible to a wide audience without compromising quality. The primary criteria for acceptance are excellence, relevance and clarity. All articles are peer-reviewed by at least two researchers expert in the field of the submitted paper.

Publication Frequency: Six issues per year.

Abstracting and Indexing Services: The Journal is indexed by *Academic Search (EBSCO), ASSIA, Australian Medical Index, Biomedical Reference (EBSCO), British Nursing Index, Cambridge Scientific Abstracts, CINAHL Database, Health Services Abstracts, Health Source Nursing/Academic (EBSCO), Index Medicus (MEDLINE), Ingenta (UnCover), Journals at Ovid, Nursing and Allied Health (EBSCO), ProQuest (University Microfilms), Social Planning/Policy and Development Abstracts* and *Sociological Abstracts.*

Editorial Correspondence: All authors who require assistance can contact the Editorial Assistant, Ms Stephenie Peels (email: dspeels@hotkey.net.au).

Disclaimer: The Publisher and Editors cannot be held responsible for errors or any consequences arising from the use of information contained in this journal; the views and opinions expressed do not necessarily reflect those of the Publisher and Editors, neither does the publication of advertisements constitute any endorsement by the Publisher and Editors of the products advertised.
